Parkside SpLD Outreach Service

‘Race Track’ instructions

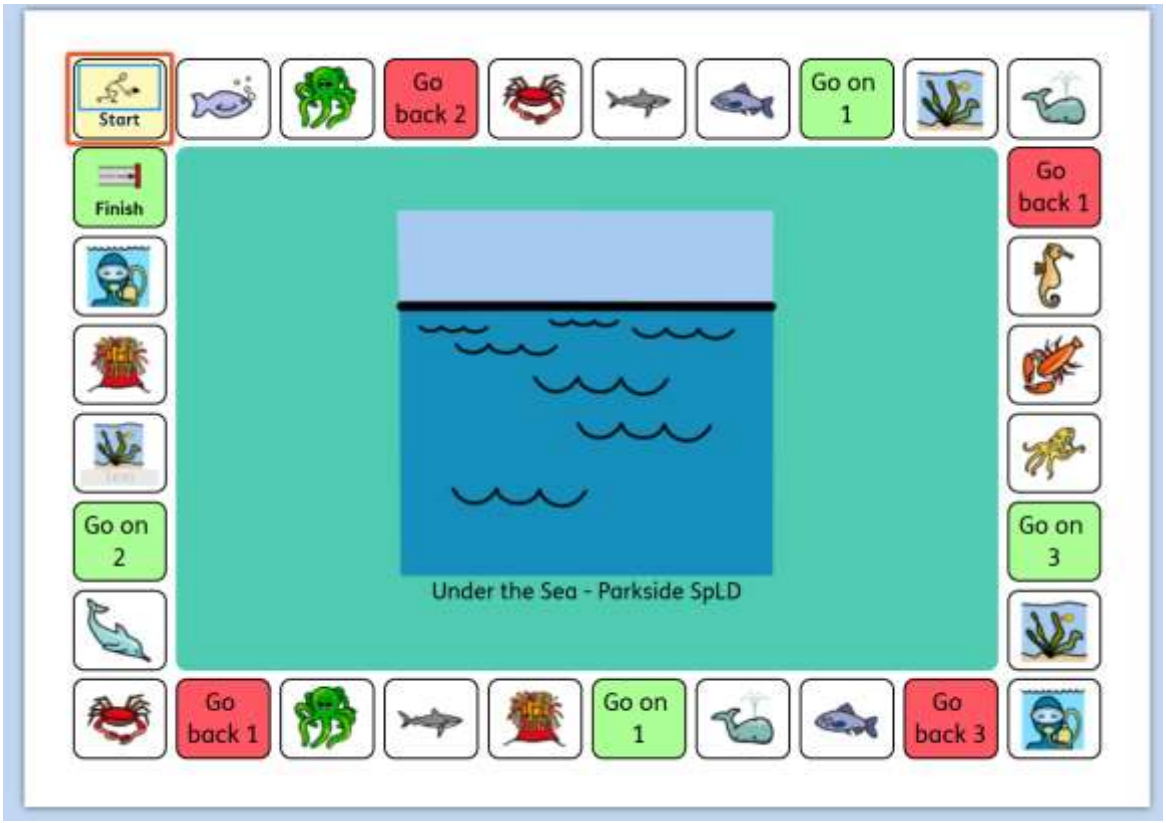
Number of players – 2 pupils

Aim of the game – practise reading and spelling target graphemes (e.g. digraphs) in words

Preparation: Use a track game board**.** Create a pile of word cards featuring the graphemes you have covered. (Visually similar words are ideal to encourage close scrutiny e.g. ‘spoon’ and ‘soon). You also need a dice and a whiteboard and pen.

Rules:

1. The first player turns over the word card and ***reads*** it to the other player. The other player ***spells*** the word on the whiteboard and checks against the card.

2. If the spelling is correct, they throw a dice and jump that number along the track.


3. The winner is the first player to reach the end of the track.
