PARENT WORKSHOPS UPDATE

Dear Parents/Carers,

Part of the school's mission is to involve all members of the school community to promote a love of learning. One important way we want to do this at Parkside is to hold a series of workshops for parents. They are an opportunity for us to come together as a community to discover how our children develop and enjoy their learning.

*The focus of our first set of workshops will be on **Developing Children's and Parents' Confidence in Mathematics.***

The sessions are intended for families to learn together in a fun and exciting way and to share time in a relaxed environment. Your child's class teacher will lead the session which will last approximately 45 minutes. Many of the activities will have a practical element to them and will help you to understand the different ways the children are taught and how they apply the new methods they have learnt in their lessons.

The workshops will start at 9:00am to coincide with drop off and refreshments will be provided for you. These sessions rely very much on your continued support. Please make every effort to attend to support the school and your child. We look forward to welcoming you over the weeks ahead. **DON'T FORGET TO MAKE A NOTE OF THE DATE!!**
