

MY IDOL TASK

My idol is Lin-Manuel Miranda he is a compose, lyricist, singer, rapper, actor, producer and playwright. He inspires me to act as he is brave when he goes on stage. He wrote the musical Hamilton which is based of a true story which took place in America 1176 and I really like the opening song as he was very creative with the lyrics. He also played the lead role "Alexander Hamilton". I hope he will continue inspiring me to act.

Amy

My idol is my mum because she tries her best and is very pretty also she is very kind and looks like me. The first thing most people notice about her is that she is kind and pretty. Her hair is brown and is silky soft. She is rarely seen without a hat because she doesn't like hats and she often wears black because it goes with her outfit. I have the same shoes as her and i wear the same type of leggings and some of her T-shirts are like what i wear. She also really likes the colour red. She is an expert at art because she thinks of very creative drawing and is very good at it. I noticed her strength when she was drawing something for me. The reason I idolise her is because she is very kind and pretty, she also looks a lot like me . I'm interested in learning more about her because I want to know how she is so good at art. She inspires me to be kind and admire myself. I can learn how it is like to have children because she has three kids. Sophie
