

## Lesson 2: Plan for paragraph two

### Paragraph two example:

Do you remember how much fun we used to have? You used to play with me all the time, but now you only use me when it's raining. Then, when the sun comes out, you rush outside and leave me **unfinished** on the table. You are so cold-hearted because you didn't even notice when the cat rudely ate one of my pieces!

Start playing with me or I will completely lose it! If you don't take me off the shelf, I will run away and never come back!
