

Fair or not fair?

Read the slides on the topic 'fair and not fair' and place a **tick(v)** against the slides for which you think the decision is fair and put a **CROSS(x)** against the slides where you think it is not a fair decision.

Choose any three slides and explain why you think they are fair decisions.

Slide	Fair (v)	Not Fair (x)
<p>Slide 1</p> <p>The yellow team won the football match on Sunday. The score was 3-1.</p> <p>The teams played well, but the yellow team managed to get the most goals on the day.</p> <p>Was this a fair score?</p>		
<p>Slide 2</p> <p>It was the first day back at school and the teacher had decided she would have a new rule. Children would only get homework if their name began with the letter A, B, C, D, E or F. Everyone else didn't have to do any homework! Was this fair?</p>		
<p>Slide 3</p> <p>School was closing for the holidays, the teacher asked the children if anyone would like to look after the class rabbit over the holidays. Five children put their hands up. The teacher put all the names in a tub and picked one out without looking. Jess had her name drawn out, so she took the rabbit home. Was it fair that Jess took the rabbit home?</p>		
<p>Slide 4</p> <p>Zofia and Mia both wanted to ride the same bike. Zofia got to the bike first, she said she would let Mia have a turn after her. Zofia was enjoying herself on the bike so much that she kept it herself and Mia didn't have time to ride it. Was this a fair thing to do?</p>		
<p>Slide 5</p> <p>Jake and his brother had been strawberry picking. They had managed to pick 20 strawberries altogether. Jake said he would share them out when they got home. He gave his brother 5 strawberries and he ate the rest. Was this fair?</p>		
<p>Slide 6</p> <p>Amy and her mum were going into town. When they got on the bus it was very busy and they got the last 2 seats. On the next stop 2 old people got on, Amy's mum stood up and asked Amy to stand too, to let the old people have their seats.</p> <p>Was this a fair thing to do?</p>		
<p>Slide 7</p> <p>It was a hot day, Ellie and Matilda went to the shop to buy an ice-cream each. They both wanted chocolate, but there was only one chocolate ice-cream left, but there were lots of vanilla ice-creams. Matilda took the chocolate ice-cream saying she was the oldest so she should have the one she wanted. Was this a fair thing to do?</p>		
<p>Slide 8</p> <p>Jamie and Ellis were playing on their game after tea. Mum said they could play on it for 30 minutes.</p> <p>After 30 minutes mum asked them to turn it off, they wanted to play for longer, so 15 minutes later they were still playing. Mum then turned the game off when they hadn't finished playing. Was this fair?</p>
