

Dear Parents/Carers,

We have changed our homework format slightly. The activities will now be more about spending time together as a family. You may decide to take some photos of the activities you do and upload them onto the Google Classroom under the 'Homework' section or to stick the photos in their homework books. Other tasks can be brought into school as they are completed to share with the class. All homework will need to be handed in by Monday 23rd May 2022. Pupils will still be expected to read daily and learn their weekly spellings.

Children are also able to log into Education City, Epic and Purple Mash daily.

<p>Activity 1 1. Look at the back of a book and write down its price, e.g. £5.99. 2. How much will it cost to buy five of these books? Think about how you are going to work this out.... 3. Now look at the price on a cereal box and write this down. 4. How much would five of these cereal boxes cost? 5. Choose another item and write its price. 6. Work out the cost of five.</p>	<p>Activity 2 Follow the steps</p> <ul style="list-style-type: none"> • Think of a number between 1 and 20 • Multiply it by 5 • Add five • Double it • Remove the last digit • Subtract one <p>What do you notice? 1. Ask as many different people as you can to think of a number. 2. Tell them every step in order up to and including step 4. 3. Then silently, carry out steps 5 and 6 and tell them the number they thought of! Hopefully, they will be well impressed! Record your workings in a comic strip. Look at the example given in the picture.</p> 
<p>Activity 3 Write an Anglo Saxon play. This could be performed and videoed for the class to enjoy.</p>	<p>Activity 4 Write a joke using speech marks for both parts. E.g. "Knock Knock!" "Who's there?" "Luke..." "Luke who?" "Luke through the peephole and find out!" Remember the rules of writing a speech.</p>
<p>Activity 5 Carry out research to identify all the different things which plants need to grow and live/survive. You can present your information in any way you like, e.g. a poster, a booklet, a fact sheet.</p>	<p>Activity 6 Draw a picture/diagram of a flowering plant, then label all the different parts. How detailed can you be when drawing and labelling the other parts? Can you name the parts inside the actual flower? Write the functions of the different parts of the flowering plant.</p>
<p>Activity 7 Choose a tin from your cupboard and draw a still-life picture of it in the Pop Art style of Andy Warhol.</p>	<p>Activity 8 Draw and colour a picture of an Anglo-Saxon. What is he/she wearing? (You will need to research this first).</p>
<p>Activity 9 Practise your throwing, catching, skipping, dancing, hula hooping and kicking skills. How many can you do in 1 minute? How many can you do in 2 minutes? Can you challenge other members of your family? Can you create a chart to show this information?</p>	<p>Activity 10 Not again! Write a short letter to persuade parents/carers to ban 'a food' children dislike from the house.</p>

Thank you for your continued support with homework.

Kind Regards,

The Year 3 Team
