

Dear Parents/Carers,

As part of our standards cup, children will help their class to earn points by completing their homework. The best way to help their class earn the points is to do their daily reading and spelling/times tables practise. In addition, children can select from a variety of other activities from the table below.

You may decide to take some photos of the activities you do and upload them onto the Google Classroom under the 'Homework' section or to stick the photos in their homework books. Other tasks can be brought into school as they are completed to share with the class. All homework will need to be handed in by Friday 16th February.

<p style="text-align: center;"><u>Activity 1</u></p> <p>In History, we are learning about WWII. Research one of the main leaders during WWII. Prepare a presentation to present to the class during our History lessons.</p>	<p style="text-align: center;"><u>Activity 2</u></p> <p>Create a times table poster to help you and others to learn their times tables. Think about the patterns that appear within tables and how you can illustrate these patterns.</p>
<p style="text-align: center;"><u>Activity 3</u></p> <p>In English, we are looking at the story of Rose Blanche. Pretend you are a child living during WWII. Write a diary entry pretending that you are living during this time. What would life be like? Remember to practise using your literary devices in your writing.</p>	<p style="text-align: center;"><u>Activity 4</u></p> <p>In Science this term we are looking at electricity. Write a set of instructions on how to build an electrical circuit.</p>
<p style="text-align: center;"><u>Activity 5</u></p> <p>In PSHE we are learning about our dreams and aspirations. Think about your future goals. Research a career you are interested in exploring in the future.</p>	<p style="text-align: center;"><u>Activity 6</u></p> <p>Create your own recipe. You can make it at home and take photos. Write a list of the ingredients you used and the quantities. Make sure you include the units of measure.</p>
<p style="text-align: center;"><u>Activity 7</u></p> <p>In DT we will design and make a toy boat. Design your dream boat. What features would it include? What would you have onboard?</p>	<p style="text-align: center;"><u>Activity 8</u></p> <p>Challenge yourself to complete and master two or more areas on SATs bootcamp.</p>
<p style="text-align: center;"><u>Activity 9</u></p> <p>Use 2Animate and the 2Do I have set to take your own pictures and adapt them to create your own Augmented Reality (AR) video.</p>	<p style="text-align: center;"><u>Activity 10</u></p> <p>Something of your own choice.</p>

Children are also able to log into Education City, Purple Mash and SATs Bootcamp on a daily basis. The logins for these are in the back of the children's reading records.

Thank you for supporting us with homework.

Kind regards,

Mrs Parmar and Mrs Knowles
